FRIDAY MORNING, APRIL 13, 1866.

The Huntsville Daily Independent will, in a few days, add four columns to its size, and will receive regular press telegrams.

THE SPINARDS SAY: At eighteen marry your daughter to her superior; at twenty to her equal; but at thirty to any one who will have her.

THE SELMA (ALA.) TIMES says a colored woman left that city, recently, aged one hundred and twenty-seven years. She is the mother of fifteen children, having had triplets three times.

THE PHENOMENON known as the "mirage" was witnessed at Fort Monroe a few days ago. The Eastern shore of Virginia, and all the country bordering on the James and Nansemond rivers were mirrored in the waters of Hampton Roads.

IT IS stated, as the result of recent scientific investigations in Europe, that the cholera has raged chiefly in places where the inhabitants drink impure water. The same cause aggravates cholera and all malignant diseases in this country.

WE saw a drunken fellow the other day, who, mistaking a fly on the awning post for a nail, tried to hang his hat on it. The fly was astonished, while the spectators were highly delighted to hear him "cuss the nail."
